Financing for the agricultural sector

- <sup>a</sup> Includes one line of credit for producers in Brazil, Chile, Colombia, and Costa Rica.
- b Includes one technical cooperation and one GCF-funded project with beneficiaries in Chile, Ecuador, Panama, and Peru (the amount of which is not included in each country's total).
- <sup>c</sup> Includes one technical cooperation to implement a pilot project for the digitalization of agri-food chains.

The "other operations" category includes corporate loan operations, credit lines, and investments in road infrastructure, energy, and connectivity that benefit the agricultural sector.
